WHY DOES YOUR CAT NEED PREVENTIVE CARE?

Regular preventive care is essential for your adult cat's continued health. Our wellness plan saves you money on the total cost of recommended preventive care and treatments. Best of all, this plan features budget-friendly monthly payments - making it easy to manage your cat's healthcare costs.

Cats are really good at hiding illness

It's a common misconception that cats don't get sick. In fact, cats are susceptible to many forms of disease - regardless of whether they live indoors or outdoors. Regular veterinary care can help stop illnesses before they happen.

Diseases can creep up quickly and quietly

Cats age much faster than we do. So even if your cat looks perfectly healthy, diseases and health problems could be lurking undetected. Physical exams and diagnostic tests are crucial for finding problems not visible to the naked eye.

Prevention is the key to better health

Preventive care can improve your adult cat's quality of life and help add more healthy years. It's essential for detecting diseases early on, before they become more serious - and more expensive.
